**FOR EXTERNAL USE ONLY**

Rich, protective emulsion for face, neck and décolleté, with sunscreens that prevent photo-aging. Enriched with plant extracts of Aloe, Blueberry, Pomegranate and Argan oil, which protect the skin from oxidative stress, harmful free radicals, and environmental pollution. Silybin and Peptide-21 tone the skin, leaving it supple and radiant.

DIRECTIONS: Apply to freshly cleansed face, neck, and décolleté, massaging until completely absorbed. To intensify product treatment and maximize the toning action, it is best to use the **D4** device (Y-Roller Massager) for at least two minutes after applying the cream.

Ricca emulsione per viso, collo e décolleté, con filtri solari di ultima generazione che prevengono il fotoinvecchiamento. Arricchita con estratti vegetali di Aloe, Mirtillo, Melograno e olio di Argan che proteggono la pelle dallo stress ossidativo e dall'azione nociva dei radicali liberi. La Silibina e il Peptide-21 tonificano rendendo la cute elastica e luminosa. Un particolare mix di estratti vegetali è in grado di proteggere la pelle dall'inquinamento ambientale.

Modalità di utilizzo: applicare sulla pelle del viso, collo e décolleté, precedentemente detersi, massaggiando fino a completo assorbimento. Consigliamo l'utilizzo del dispositivo **D4** (Y-Roller Massager) per almeno due minuti dopo l'applicazione della crema, per intensificare l'azione elasticizzante e tonificante della crema.
