

M**3****OVERNIGHT
HIGHLY
NOURISHING
CREAM****50 ml / 1.69 fl.oz****FRAME®****FOR EXTERNAL USE ONLY**

Intensive night cream, particularly well-suited for mature and dull skin, characterized by the presence of nourishing oils and butters (Avocado, Jojoba, Coconut, Macadamia, and Olive oil unsaponifiables) and the restructuring and firming action of a powerful mix of extracts and peptides, including Centella Asiatica, Mimosa, Horsetail and Peptide-21. Ceramides and Cholesterol strengthen the hydrolipidic layer of the skin, improving hydration and elasticity.

DIRECTIONS: Apply to freshly cleansed skin before going to bed. Massage with circular movements until thoroughly absorbed. To maximize the product treatment, it is best to use after applying a Mediterranean Herb Oil Toning Elixir (**M5.1 THYME** for a purifying and refreshing action, **M5.2 BASIL** for a balancing action, **M5.3 ROSEMARY** for a soothing and calming action, or **M5.4 LAVENDER** for a restorative action), applied with the **D3** Nano Mist Diffuser.

Crema notte intensiva, particolarmente indicata per pelli mature e atone, caratterizzata dalla presenza di oli e burri (Avocado, Jojoba, Cocco, Macadamia, Insaponificabili di olio d'oliva), ad essi è associata l'azione ristrutturante e rassodante degli estratti di Centella Asiatica, Mimosa, Equiseto e quella del Peptide-21; al contempo le Ceramidi e il Colesterolo rafforzano lo strato idrolipidico della pelle migliorandone l'aspetto e l'idratazione.

Modalità di utilizzo: applicare la sera, prima del riposo notturno, sul viso precedentemente deterso. Massaggiare con movimenti circolari fino a completo assorbimento. Per incrementare l'azione del prodotto consigliamo di applicare la crema dopo aver erogato sul viso, con ausilio del dispositivo **D3** (Nano Mist Diffuser), un olio essenziale: **M1** per un'azione depurificante e rinfrescante, **M2** per un'azione riequilibrante, **M3** per un'azione distensiva e rilassante, **M4** per un'azione rigenerante.

**50 ml / 1.69 fl.oz e**
